ULUSLARARASI HEMATOLOJİ-ONKOLOJİ DERGİSİ

## 20<sup>th</sup> year

*Dear Distinguished Scientists,*

*International Journal of Hematology-Oncology (IJHO) entered into the 20th year of publication with your valuable contributions and interest. We are delighted to share with you the pride of broadcasting our journal in the field of Hematology-Oncology as uninterrupted, orderly, and respectable level for 20 years.*

*Knowledge is meaningful as it could be reached and shared. Scientific journals contribute to this purpose and serve for the advancement of science. IJHO has successfully included in many databases of national and international indexes in the past 20 years. IJHO provided the opportunity for many studies, which were prepared with a very large accumulation of knowledge, efforts and sacrifices of researchers, to be recorded especially in the database of Science Citation Index Expanded (SCI-E) for the scope of universal science.*

*IJHO will be published entirely in English to reach more international readers in the field of Hematology and Oncology.*

*We would like to give our sincere thanks and respects to all our contributing authors, to the members of Editorial and Advisory Boards, besides peer reviewers evaluating thousands of manuscripts, and to our readers following, supporting and encouraging us for twenty years.*

*Sincerely,*

*İbrahim H. Gullu, M.D.  
Tevfik PINAR, M.D.*

*March 2010*
